1 MILE

Brief Guide to Glenmore Trails:

Rivanna River Greenway Trail: 2 miles, easy. The south entrance is on Carroll Creek Road at the white maintenance hut before the road bridge (*Sign #11*). Park at the Sports Field and walk back down across the bridge. Ends at Camp Branch creek (*Sign for End of Trail*). 1/4m before the end, there is an exit/entrance on the right/north side on Queenscroft Trail (*Sign #9*) with a moderately steep 1/4 mile narrow path to Queenscroft Road (*Sign #10*) and thus to Darby Rd (west). A delightful walk, short or long. (*Trail is maintained by Albemarle County Parks & Rec.*)

Carroll Creek Trail ("CCT"): 1.5 miles. Enter on the north-east side of the bridge over Carroll Creek (*Sign #1*), exit at Newbridge Rd (*Sign #2*). On the way there are connections with the Osprey and Waterside Trails on the right/east side. Yield to golfers on or approaching the 5th Green, (*Sign: "Trail Users Must Yield to Golfers"*); when safe, cross behind the green by the large fan, and onto the golfcart path. After 100 yards, as the path approaches the 6th Tee, turn left onto a path to the bridge over Carroll Creek, then cross the golf course on the far side of the creek (west) to continue upstream on the trail, (*Sign: "Trail Users Must Yield to Golfers"*). 150 yards into the woods is the Bremerton Spur on the left/west side, which connects to Heathrow Lane. After another 1/3 mile, the CCT ends at Newbridge Rd (*Sign #2*). Across Newbridge Rd, the trail continues as Carroll Creek / Pendower Nature Trail (*Sign #3*).

Pendower Nature Trail: 1.3 m, easy. Entrance at Newbridge (*Sign #3 – see above*), or this trail can be accessed via the Pendower Spur (*Sign #6*) on the east side of Ferndown Lane opposite Glen Lochan pond. The trail (which starts as a continuation of the Carroll Creek Trail) follows around the eastern perimeter of Glenmore, all the way to Ashton Road / Piper Way; there is also an entrance/exit at the cul-de-sac at the west (upper) end of Ferndown Lane (*not signed*).

Osprey*: 1/2 m, easy. From Carroll Creek Road, just before the entrance to Waterside Way (*Signed*); connects to CCT. There is also an entrance/exit (*Signed*), at Osprey Drive cul-de-sac.

Waterside*: 1/4 m, moderate. From the bottom of Waterside Way (*Signed*), turn right at the retention pond; connects to the CCT (with steps). Can be combined as a loop with Osprey Trail.

Bremerton Spur: 1/5 m, easy. Left at red fire hydrant at 1561 Heathrow Lane (*Signed*), walk between the homes into the common area behind, turn right down to the woods, then right alongside the woods, turn left at the white ventilation pipe; this connects directly to the CCT.

Bluebird Trails: 2/3 m, easy. Enter at the dip on the south side of Newbridge Rd (*Sign #4*,) (with steps), or from Farrington Rd (*Sign #5, 50 yards after Charterhouse Ct*), to dead-end at the Golf Course before the 6th Tee (*Sign # 12, "End of Trail"*). Does not connect directly to the CCT. A pleasant and easy loop between Newbridge and Farrington Roads.

Trail to Camp Branch: 1/4 m, moderate/steep. Start on right side (east) of Cambridge Hill Lane after home #1126, walk up to fence (*Signed*), turn left into the back yard of the white house, #1132 (*the HOA has an easement*) and keeping to the fence, pass by the old cemetery of Glenmore Manor House, then down the hill to the 'Camp Branch' creek. (*Sign for leaving Glenmore Property*). Note: the Equestrian Center trails are closed, and their use is prohibited).

'Camp Branch' Trail: (*Note: most of this Trail is NOT on Glenmore property, nor is it maintained by Glenmore HOA; this is included for information*). 2/3 m, difficult, with 4 stream crossings (wet & muddy). The southern end is at the termination of the Rivanna River Greenway Trail, (*Sign for leaving Glenmore property*), then cross 'Camp Branch' creek (steep and slippery); the northern end leads back across the creek onto the Glenmore trail leading up to Cambridge Hill Lane (*Sign for leaving Glenmore property*). Be alert for local youths on quad bikes racing by!

- Note that the new trails, Osprey* and Waterside*, are on property which is still owned by the developer of Waterside (Stanley Martin), so trail maintenance may be lagging until these Common Area properties are transferred to the GCA .

TRAILS ETIQUETTE:

Take out everything you bring in... no littering please! Pick up after your pet....

We welcome all help with controlling undesirable plants – please take clippers and cut any strangling vines or thorns at source (but be safe; wear gloves & hat and beware of poison ivy and ticks!).

Please report downed trees or problems to any of these GCA / CARB contacts:
