

# HOMEWARD BOUND

AUGUST

THE AUGUST NEWSLETTER:

## EMBRACING SUMMER SPLENDOR!

August is a bittersweet month for most families. On one hand, it's a time for kids to head back to school and get back into a routine. On the other hand, it marks the end of summer vacation and the carefree days that come with it. As a real estate agent, I know that this time of year can also be an important one for families who are considering a move.

Before we jump into August.... we want to say THANK YOU for attending our candy-land themed Grand Opening in Farmingdale. It was a success! A special thanks to AHRC Nassau for all the amazing support and thank YOU for bringing donations to our food-drive.

As the summer winds down and kids head back to school, it's a good time to reflect and give thanks for a new year of learning and growth. While this time of year can be exciting, for families who have children with diabetes, the start of the school year can also bring unique challenges and opportunities. This is one of the many reasons we have partnered with JDRF. I know that there are ways we can make a difference in the lives of these families.

## EMBRACE THE SUNFLOWER SEASON! 🌻🌻

As the warm sun continues to grace us with its presence, August brings a burst of vibrant sunflowers that paint the landscapes with shades of gold. Take a leisurely stroll through sunflower fields and let the beauty of these cheerful blooms fill your soul with joy. It's the perfect time to embrace the radiance of nature and immerse yourself in its breathtaking wonders.
