

Welcome and thank you for viewing our home,

We moved from New York 3 years ago and found this home in an area that we weren't even looking at. We find the town of Wendell to be so adorable and charming. We love the restaurants and breweries in town to sit and enjoy a casual meal and be able to take a stroll down the street. 41 North is a great little coffee shop in town and Tap It Social House has duck bowling which is super fun to do with friends and a lot of games for the kids to play. The grocery stores are in Wendell or you can also go to Zebulon. We also go to a lot of restaurants in "Wendell Falls" community. Parkside and Don Beto's are restaurants there we like to frequent and only 10 mins away.

We love the peacefulness of our backyard, we sit on our patio and enjoy watching the cardinals frolic in the grass & watching the wind blow the trees. We love watching the spectacular sunsets from our patio as well. At night the stars are shining so brightly here and we see so many rainbows, just so pretty.

We are close to shopping about 15 mins away, every store that you need, you can find anything you want. Restaurants are in the middle of the quaint charming town, but as well as the surrounding towns -Zebulon, Clayton, Raleigh. We are so close to all these towns so there are so many places to go and things to do. Raleigh is less than 30 mins away for seeing shows, going to dinner, or going to the museums or one of the many parks that are there and all around this area. Wendell a very central point to live and be able to go through all these towns is very convenient and very short distance.

This neighborhood is small with only 23 houses. The neighbors are really friendly and will help you in a second with anything you would need, they are just kind and nice people. You make friends very easily here. We have a Facebook page where we all converse on who someone would recommend or just sharing pictures. Its very helpful if you have questions and are new to the area like we were.

We will miss this home, we are onto our new adventure, we hope whoever purchases this home enjoys it as much as we did.
