About the Agent

I'm proud to be a member of both the New Hampshire and Maine Commercial Board of Realtors, as well as the New Hampshire Seacoast Board of Realtors. These affiliations keep me connected and in-the-know on the regional market trends and opportunities that matter to my clients.

On a lighter note, I'm also the founder of Seacoast Eats, a hyper-local and community-driven Facebook group with over 67,000 members, all celebrating one thing: local food. What started as a happy accident has turned into a vibrant online community that reflects how much I love where I am from, live, and work.
