The Association may in its sole discretion give one or more of the aforesaid purposes preference over other purposes, and it is agreed that all expenses incurred and expenditures and decisions made by the Association in good faith shall be binding and conclusive on all members.

Section 2. Covenant for Assessments. Each and every Lot (except Lots owned by Declarant as provided for in the following Section) is hereby severally subjected to and impressed with the following charges and assessments which shall run with the land and shall be the same and equal amounts for each Lot regardless of its size, value, or cost, to-wit:

- 11 the
- (a) A regular maintenance charge or assessment in the amount of \$540.00 per annum per Lot, subject to increase or decrease and payable as provided in Section 4, below; and,
 - (b) Special assessments as provided for in Section 5.

Each owner of a Lot subject to assessment as above provided, by his claim or assertion of ownership or by accepting a deed to any such Lot, whether or not it shall be so expressed in such deed, is hereby conclusively deemed to covenant and agree, as a covenant running with the land, to pay to the Association, its successors or assigns, each and all of the charges and assessments against his Lot as the same shall become due and payable, without demand. The charges and assessments herein provided for shall be a charge and

a continuing lien upon each Lot, together with all improvements thereon, as hereinafter more particularly stated. Each assessment, together with interest, costs, and reasonable attorneys' fees shall also be the personal obligation of the person who was the owner of the Lot at the time the obligation to pay such assessment accrued, but no member shall be personally liable for the payment of any assessment made or becoming due and payable after his ownership ceases. No member shall be exempt or excused from paying any regular or special assessment by waiver of the use or enjoyment of the Common Properties or Facilities or any part thereof by abandonment of his Lot or interest therein.

Section 3. (Lots Owned by Declarant.) No Lot owned by Declarant shall be subject to any regular maintenance charge or special assessment while it is owned by Declarant unless and until a patio home owned by Declarant has been initially sold and/or the house has been permitted to be occupied, whichever occurs first. Whenever a Lot owned by Declarant becomes subject to assessment as provided for in this Section, such Lot shall then be treated and assessed as any other Lot which is subject to assessment.

Section 4. The Annual Maintenance Charge. The regular annual maintenance charges or assessments shall be due and payable to the Association annually, in advance, and without demand, on the first day of January of each calendar year; provided, however, that on the date of the purchase of his Lot (as evidenced by the date of his deed or his occupancy, whichever is earlier), each member shall pay to the Association a prorata part of the regular annual maintenance charge, which shall bear the same ratio to the full amount as the number of days remaining in the year of purchase bears to 365 days.

The Board of Directors of the Association may decrease or increase the amount of the regular annual maintenance charge or assessment at any time and from time to time by the adoption of a resolution for such purpose, but no resolution increasing the annual maintenance charge assessment shall become effective prior to the expiration of ninety (90) days from date of its adoption,

and the owner of each Lot subject to such assessment shall, within thirty (30) days from such effective date, pay the Association the proportionate part of such increase for the balance of the year in which such resolution is adopted; provided, however, that no resolution of the Board of Directors which fixes the amount of the regular annual maintenance charge or assessment in excess of Twenty Percent (20%) of the total annual maintenance charge or assessment during the previous twelve (12) month period or in excess of the annual maintenance charge or assessment last ratified by the members of the Association in accordance with the provisions of this paragraph, whichever is greater, shall become effective unless and until such resolution is ratified either (i) by the written assent of the members of the Association who in the aggregate then own at least Three-Fourths ($3/4$) of the Lots which are then subject to the annual maintenance charge or assessment, if no meeting of the membership is held for ratification, or (ii) by the assent of Seventy-Five Percent (75%) of the votes of the members of the Association who are present and voting in person or by proxy at a special meeting of the membership of the Association called for this purpose and at which a quorum is present. The written assent or the vote of the members must be given prior to the effective date of the resolution of the Board of Directors. No increase in the annual maintenance charge or assessment shall take effect retroactively.

If any resolution of the Board of Directors which requires ratification by the assent of the members of the Association as above provided shall fail to receive such assent, then the amount of the regular annual maintenance charge or assessment last in effect shall continue in effect until duly changed in accordance with the above provisions. The Board of Directors may decrease the amount of the annual maintenance charge or assessment without ratification by or assent of the members of the Association.

Section 5. Special Assessments. The Board of Directors of the Association may from time to time by the adoption of a resolution for such purpose, subject to ratification by the members

of the Association as hereinafter provided, levy and impose a special assessment against each Lot which is subject to the annual maintenance charge, for a specific and in the equal amount for each such Lot, for the purpose of purchasing equipment or facilities for the Common Properties and/or for defraying in whole or in part the cost of constructing new capital improvements or altering, remodeling, restoring or reconstructing previously existing capital improvements upon the Common Properties; provided, however, that before any such resolution shall become effective, it shall be ratified either (i) by the assent in writing of the members of the Association who in the aggregate then own at least Seventy-Five Percent (75%) of the Lots which are then subject to assessment if no meeting of the membership is held for ratification, or (ii) by the assent of Seventy-Five Percent (75%) of the votes of the members of the Association who are present and voting in person or by proxy at a special meeting of the membership called for this purpose and at which a quorum was present. The owner of each Lot subject to such assessment shall pay his special assessment to the Association at such time or times and in such manner as provided for in such resolution.

Section 6. Liens to Secure Assessments. The regular annual maintenance charges or assessments, and the special assessments, as hereinabove provided for, shall each constitute and be secured by a separate and valid and subsisting lien, hereby created and fixed, and which shall exist upon and against each Lot and all improvements thereon, for the benefit of the Association and all members, which such lien shall be prior and superior to all other liens, except that the same shall be subordinate and inferior to (a) all liens for taxes or special assessments, levied by the City, County, and State Governments or any political subdivision or special district thereof, and (b) all liens securing amounts due or to become due under any mortgage, vendor's lien or deed of trust filed for record prior to the date payment of any such charges or assessments become due and payable, and (c) all liens, including but not limited to vendor's liens, deeds of trust and other

security instruments, which secure any loan made by any lender to an owner for any part of the purchase price of any Lot or any part of the cost of constructing, repairing, adding to or remodeling the patio home situated on the Lot. Any foreclosure of any such prior or superior lien under the power of sale of any mortgage, deed of trust or other security instrument, or through court proceedings in which the Association has been made a party shall cut off and extinguish the liens securing charges or assessments which became due and payable prior to such foreclosure date, but no such foreclosure shall free any Lot from the liens securing assessments thereafter becoming due and payable, nor shall the liability of any member personally obligated to pay maintenance charges or assessments which became due prior to such foreclosure, be extinguished by any foreclosure.

Section 7. Effect of Non-Payment of Assessment. If any regular annual charge or assessment, or if any special assessment, is not paid within thirty (30) days from the due date thereof, the same shall bear interest from the due date until paid at the highest interest rate allowed under the laws of the State of Texas, and if placed in the hands of an attorney for collection, or if suit is brought thereon, or if collected through probate or other judicial proceedings, there shall be paid to the Association an additional reasonable amount, but not less than Ten Percent (10%) of the amount owing as attorneys' fees. The Association as a common expense of all members, may institute and maintain an action at law or in equity against any defaulting member to enforce collection and/or for foreclosure of the liens against his Lot. All such actions may be instituted and brought in the name of the Association and may be maintained and prosecuted by the Association in a like manner as an action to foreclose the lien of a mortgage or deed of trust on real property under Texas Property Code §51.002 Vernon's Annotated Civil Statutes of Texas, or any successor statute, or by judicial foreclosure. In the event of foreclosure under Texas Property Code §51.002, Grantor shall be entitled to designate a Trustee by instrument recorded in the office of the

County Clerk of Victoria County, Texas, and upon such recording, such Trustee shall, at the request of Grantor, give notice of sale as required by Section 51.002, and sell such Lot to the highest bidder for cash at the Courthouse door of Victoria County, Texas, at public venue and at the time as provided in said statute, it being understood that the recitations contained in the Trustee's deed shall be deemed conclusively true and correct.

Section 8. Collection and Enforcement. Each member, by his assertion of title or claim of ownership or by his acceptance of a deed to a Lot, whether or not it shall be so recited in such deed, shall be conclusively deemed to have expressly vested in the Association, and in its officers and agents, the right, power, and authority to take all action which the Association shall deem proper for the collection of assessments, regular or special, and/or for the enforcement and foreclosure of the liens securing same.

An underground electric distribution system will be installed within the properties, which will be designated as an underground residential subdivision, which underground service areas shall embrace all Lots in the properties. The owner of each Lot in the underground residential subdivision covenants and agrees and it is understood that Declarant has, prior to this declaration, conveyed to Central Power & Light Company, a Texas corporation, by instrument entitled Contract, Easement, and Use Restriction, the right to provide underground electric service to the subdivision and certain easements appurtenant to said right, and that title to any such Lot in the subdivision shall be held and conveyed subject to the terms, conditions, and covenants contained in said Contract, Easement, and Use Restriction, the same being found of record in Volume 0108, Page 784 of the Deed Records of Victoria County, Texas. Each Lot shall be separately metered and each owner shall, at his own cost, own and maintain said meter and all appurtenances thereto.

Section 3. Sanitary Sewer Service. Sanitary sewer service shall be provided to each Lot and to the Common Properties by means of sanitary sewer collection lines within the Properties to be owned, operated, maintained and repaired by each individual owner, and which shall connect to the main sanitary sewer lines of the City of Victoria, Texas. It shall be the responsibility of each owner to maintain and repair the portion of the sanitary sewer line which is situated on his Lot and the Association shall have the responsibility to maintain and repair the portion of the sewer lines on common properties.

Section 4. Telephone Service. Telephone service shall be available to each Lot and Common Properties by way of cables which shall be installed, owned and maintained by the telephone company. The Association shall be authorized and empowered to grant such specific easements, in, under, on or above the Common Properties as the telephone company may require to furnish such service.

Section 5. Easements for Maintenance, Repair, Access, Etc. To the extent that any of the meters, cables, lines, plumbing or other utility appurtenances for any Lot, may cross in, on, under, above, or through any other Lot and/or patio home situated thereon,

an easement is hereby granted and dedicated in, on, under, above and through such Lot and/or patio home to the respective utility company providing such service, for the purpose of access, repair, maintenance, installation, or otherwise furnishing of such utility service.

- (g) An easement is retained in favor of adjoining property owners, their heirs and assigns, their employees or contractors, for temporary access to the property of such adjoining property owners at reasonable times for the purpose of constructing, reconstructing, painting, maintaining, or repairing adjoining properties. Any damages to property or injuries to persons resulting from the exercise of this easement by any property owner within the subdivision shall be promptly paid by such responsible adjoining property owner.
- (h) No portion of the subdivision shall ever be used or maintained as a dumping ground for rubbish, used lumber, building materials, or other unsightly items, except in sanitary containers. All equipment for the storage or disposal of such materials shall be kept in a clean, orderly, and sanitary condition.

There shall be no obstruction of any part of the Common Properties which are intended to remain unobstructed for the reasonable use and enjoyment thereof, nor shall anything be done or kept on the Common Properties which would increase the rates or result in the cancellation of any insurance relating to the Common Properties or any part thereof. No owner shall appropriate any part of the Common Properties to his exclusive use, nor shall any owner do anything which would violate the easements, rights and privileges of any owner in regard to any portion of the Common Properties which is intended for the common use and benefit of all owners. Except as may be herein required or permitted, no member shall plant, place, fix, install or construct any vegetation, hedge, tree, shrub, fence, wall, structure or improvement or store any of his personal property on the Common Properties or any part thereof without the written consent of the Association first obtained. The Association shall have the right to remove anything placed on the Common Properties in violation of the provisions of this Section and to recover the cost of such removal from the owner responsible. Each owner shall faithfully observe and comply with all reasonable rules and regulations promulgated by the Association regarding the Common Properties and shall be deemed to acknowledge and agree that all rules and regulations promulgated by the Association in respect to the Common Properties are for the mutual and common benefit of all owners and necessary for their protection.

No building, fence, wall or other permitted structure or construction or reconstruction shall be commenced, erected or maintained, placed, altered or reconstructed on any Lot in this subdivision until the building specifications and the plot plan showing the location of such buildings or improvements have been approved, in writing, as to conformity in harmony of external design with existing structures in the subdivision and as to location of the building or other improvements with respect to the topography and finished ground elevation and as to compliance with these restrictions and covenants, all of which must be approved in writing by an Architectural Control Committee, initially composed of John S. Scheumack, his heirs, assigns, or appointees. In the event of death or resignation of John S. Scheumack, his heirs and legal representatives shall have full authority to approve or

disapprove such design and location, or to designate a representative with like authority. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee shall have full power and authority to reject any plans and specifications that do

not comply with restrictions herein imposed or meet its minimum construction requirements or architectural design requirements or that might not be compatible, in the sole discretion of the Architectural Control Committee, with the design or overall character and aesthetics of the properties.

The Association, as a common expense to be paid out of the Maintenance Fund or any owner at his own expense, shall have the right to enforce, by proceedings at law or in equity, all restrictions, covenants, conditions, reservations, liens, charges, assessments, and all other provisions set out in this declaration. Failure of the Association or of any owner to take any action upon any breach or default of or in respect to any of the foregoing shall not be deemed a waiver of their right to take enforcement action upon any subsequent breach or default.

Section 3. The Declarant shall have and reserves the right at any time and from time to time, without the joinder or consent of any other party to amend this declaration by any instrument in writing duly signed, acknowledged and filed for record, for the purpose of correcting any typographical or grammatical error, ambiguity or inconsistency appearing herein, provided that any such amendment shall be consistent with and in furtherance of the general plan and scheme of development as evidenced by this declaration and shall not impair or affect the vested property or other rights of any owner or his mortgagee.

Section 4. If this declaration or any word, clause, sentence, paragraph or any part thereof shall be susceptible of more than one or conflicting interpretations, then the interpretation which is most nearly in accordance with the general purposes and objectives of this declaration shall govern.

Section 5. Section 6. The singular, whenever used herein shall be construed to mean the plural, when applicable, and the necessary

grammatical changes required to make the provisions hereof apply either to corporations or individuals, males or females, shall in all cases be assumed as though in each case fully expressed.

Section 7. Invalidation of any one or more of the covenants, restrictions, conditions, or provisions contained in this declaration, or any part thereof, shall in no manner affect any of the other covenants, restrictions, conditions, or provisions hereof which shall remain in full force and effect.
